

Description

Formed of 25mm round tubes set on 35mm vertical collectors, the BDO25 is one of the new breed of horizontal towel rails.

Increasingly popular in bathrooms with limited wall space, the BDO25, and other horizontal towel rails, means that space above the bath can now be used more efficiently and effectively. The BDO25 also comes with great heat outputs due to high surface area.

It is available in a wide range of colours and special finishes.
